LEWIS B. HOUCK  
Mt. Vernon, Ohio.

Democratic Candidate for Judge of the Court of Appeals

Knox County never had a Circuit Judge or Judge of the Court of Appeals. We now have an opportunity to secure one in the person of Lewis B. Houck, who was born and reared in the county and has lived in it all his life. He is a good lawyer and is worthy and well qualified for the bench.

Democrats of Knox county be at the Primary election August 11 and vote for a Knox county product for nomination for Judge of the Court of Appeals.

## BENNETT

### Quits Detective Service With B. & O. Railroad

(Newark American Tribune.)  
Captain J. M. Bennett, local chief of detectives of the Baltimore and Ohio road has left the service and will go into something else.

He is well known figure in the law and order feature of the system and will be missed. Like all men in the police service of a railway company he had a safe working knowledge of the faces of the militant criminal element and was a keen student of human nature.

Captain Bennett has been in the service of the company at this point for the last 15 years and was two and a half years in the service in Belaire before coming here. He has been frequently called on by the civil authorities and when not forbidden by his duties on the railways, helped the local authorities to preserve order. He was one of the men called to the county jail as the mob was gathering which resulted in the mob which rushed the jail and lynched the unfortunate Carl Etherington. It will be remembered that Bennett held out against the mob till his eyes were blackened and he was beaten severely.

Mr. Bennett said this morning that he had no plans for the near future. He is succeeded here by Captain F. R. Castor of Cleveland. The local railway police force remains the same under the new chief.

## SENTENCED

### To The Pen Was Morrow For Manslaughter

Mt. Gilead, O., Aug. 4.—Overruling the motion of Morrow's attorneys for a new trial, Judge Jewell sentenced John Morrow, convicted of manslaughter for the murder of the Platt infant, to the penitentiary under the indeterminate sentence law. He talked some of suspending the sentence but said he did not feel justified. He was held under \$2000 bond and given 60 days to prosecute error in the court of appeals.

## E. J. VOIGT RESIGNS

### From Faculty Of The High School

### Two Other Members To Depart Likewise

### Public Schools Open Doors On Sept. 8

### Applications For Work Permits Present Tangle

### Board Of Education Transacts Other Routine Business

The formal resignation of Mr. E. J. Voigt from the high school faculty was read by Clerk Carl N. Lorey at the regular monthly meeting of the Board of Education, held in 'Squire Harter's' office on Monday evening. Mr. Voigt stated in his resignation that he had been offered a position in the Anoka, Minnesota, high school at a salary of \$1,200—a \$300 increase on his salary here—and that it was to his best interests to accept. On motion by Dr. C. A. Beck, Mr. Voigt's resignation was accepted by the board.

A letter was read from Supt. P. C. Zemer who is attending summer school at Columbia university, wherein was stated that Mr. Kirk had also resigned in order to accept a \$1,300 position in East Cleveland high school. The board took no action on this, as no formal resignation from Mr. Kirk had been received. The same situation existed in regard to Mr. Myron D. Miller who wrote Principal C. H. Whmans that he had accepted a position on the Bowling Green high school last Friday. The formal resignations of both of these men will probably be presented at the next meeting.

A misunderstanding as to the date of the opening of the public schools in the fall gave rise to various rumors, the most of which were that the opening would occur the latter part of August. For this reason, the board desired that the public be informed that no sessions of school will be held until the customary day of opening which falls this year on Tuesday, Sept. 8.

The acceptance of Mr. W. L. Sanders of Lima, Ohio, of the position offered him as special teacher in the high school, was read to the board.

Clerk Lorey, for the building committee, reported that the high school platform has been finished; that a screen for an out-house at the third ward had been erected; that the last bids for the painting of the fourth ward building had been received and that the 10 new typewriters had been installed in the high school under the supervision of Mr. King.

An application from Miss Koons for 25 copies of a German song book was granted upon motion of Mr. Strang.

An application for the position of manual training teacher from Mr. Wallace Lee was read and laid on the table until the return of Supt. Zemer. An application was also received from Mr. H. R. Bell of Howard for the position of janitor.

It was reported that the coping and gutters on the fourth ward building were badly in need of paint and on motion of Dr. Beck the matter was referred to the supply committee.

Clerk Lorey reported two applications for permits to go to work from pupils. It seems that the law requires the appointment of a juvenile examiner by the board who shall ascertain the proficiency in studies of such applicants. His recommendations are acted upon by the superintendent of schools who issues or refuses the permits accordingly. The matter was laid on the table until the return of Supt. Zemer.

A number of bills were read and ordered paid.

Mr. Strang moved that the clerk of the board be authorized to contract for coal to the extent of five carloads, to be used in the schools during the coming winter. Seconded by Mr. Beck and passed.

Adjourned at call of the president.

## BATTERY D

### Secures Equipment Of The Battery At Toledo

Caretaker Jensen of Battery D has gone to Toledo to bring back the equipment used by a Toledo battery which has been changed into infantry.

Both the apparatus of the local battery and that of Toledo only constituted a half supply. The interest in the Toledo company waned and it was finally disbanded as such and made over into infantry. The local battery was fortunate enough to secure their equipment and hence has a complete outfit at its disposal.

## ESCAPED

### From The City Lock-Up Did Herbert Robinson

### By Prying Bars From Window ---Is Captured

Duplicating the action of William Vannatta, who escaped from the city lock-up in the engine house a month ago, Herbert Robinson made good a getaway Monday evening between the hours of 9 and 12 in the same manner and by the same means.

Robinson had been placed in the lock-up at 9 o'clock Monday evening by Chief of Police P. J. Parker and Officers McElroy and Taylor. A charge of vagrancy was placed against him. At midnight, the officers were called on the phone by Mr. Lon Pipes at whose home Robinson boards and informed that the latter had just returned home. Surprised, the officers immediately went to the Pipes home, but Robinson had flown.

A trip to the lock-up revealed the fact that Robinson had used the same process of prying the bars, invented and patented by Vannatta, and had escaped over the back roof.

Robinson has been a familiar figure in police court and no effort to hunt him up will be made if he remains away from the city.

Robinson was found on the streets of the city at 12:45 Tuesday afternoon and taken up to police court.

## MINSTREL

### Is Egged By Young Men At Mt. Gilead

There was much excitement at Mt. Gilead last Friday evening when some young men of the community egged Zach Omalley, of Vogel's minstrels, who are rehearsing at Levering hall preliminary to the opening of the Vogel minstrel season in Mt. Gilead early this month.

For several nights Omalley has been taking up a position on the fire-escape balcony opposite the telephone exchange and blowing all kinds of discordant notes on a trombone. The telephone girls complained, and some of the business men objected.

Early Friday evening ten or twelve young men formed an egging party, and when the minstrel man appeared on the balcony for his evening serenade to the telephone girls, they began throwing the product of the lowly hen at him. He was hit half a dozen times or more.

Omalley went down the stairs, and the young men went down alleys and into stores. Omalley walked up and down the street in search of the boys, but he found none of them. Later he had John Doe warrants issued.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all Dealers.
